

Cornhill Scotland

Incorporating the **Cornhill Training Course Scotland**

Edward Lobb

Dear Friends,

A few lines to keep you up to date with The Scottish Cornhill Training Course:

- **The forthcoming year** : we are much encouraged to have fourteen students booked in for the new session, our largest intake to date. We have eleven men and three women : eight are Scots, two are English, two are from Northern Ireland and two from India. Please pray that they will quickly settle in, and gel together as a group.
- **Cornhill's profile in Scotland** : we are gradually becoming better know around Scotland, and I think more warmly accepted as having something valuable to offer the Scottish churches. Please pray that this will continue as Bob Fyall and I travel around preaching & teaching and gently promoting the course
- **The students of 2007-08** were a grand bunch, and it is good to see how many of them are settling into Christian ministry of various kinds, as are the students from our first year (2006-07).
- **Plans for the future** : please pray for wisdom for us as we plan various Cornhill Scotland Events (e.g. another Preaching Conference for Younger Ministers) for the coming year. We look forward to having Dick Lucas with us to speak at our younger ministers' conference in June '09, and to his regular teaching week with us in October.

We are much encouraged, and very thankful for the Lord's many blessings so far. Morale is good. And we so much value your ongoing prayers for the work.

With our very best wishes, *Edward Lobb*
