

Cornhill Scotland

Incorporating the Cornhill Training Course & the Pastors' Training Course

Dear Friends

A few lines to keep you up to date with our news from Cornhill Scotland - so as to fuel your valued prayers for the work!

Current Students Our crop of students for this year, at the Cornhill Training Course seem to be in good heart. They recently took part in a week of evangelism, some in local churches and others as "college guests" in university CU's - and they seem to have flourished in these activities. We have twenty-eight students this year, of whom sixteen or seventeen will be finishing in June. Please pray that they will find the right opportunities for further work after their time with us.

Future Students Applications for September are beginning to trickle in, and we've interviewed our first applicant at the beginning of this month. Please pray for good numbers of good applicants.

The Pastors' Training Course Students (9 in number) have just had a good residential week, being taught by David Cook from Sydney and by Andy Gemmill, please pray for the right men to apply in September.

Looking ahead: We look forward to our Servants of the Word conference in mid-June: our speakers are to be Dick Lucas and Richard Pratt from Third Millennium Ministries who is a fine American Bible teacher.

Work is now about to begin on the refurbishing of our new property, next door to the Bath Street Halls. We have been more than adequately served by our accommodation at No.25, but look forward to enjoying even greater comforts next door! Please pray that the work will go ahead without too many hitches: we hope to be able to move next door towards the end of 2014.

The necessary funding to keep Cornhill Scotland running well has been wonderfully provided since we began back in 2006; but we're conscious of the need of more regular giving from individuals (and perhaps churches too) who value our work. Donations can now be made through our website as well as through more traditional channels.

We are, as ever, in good heart and have much to be thankful for - and not least, are we thankful for your prayers! Please keep praying that through the work of Cornhill Scotland "the word of the Lord may speed ahead and be honoured" (2 Thess. 3:1)

- *With warmest wishes in Christ,*

Edward Lobb
